Anchorage Airport Update

March 2018

- 1. Anchorage Airport Job Fair:** The 2018 Ted Stevens Anchorage International Airport Job Fair will take place on Saturday, April 7th from 10 AM to 3PM in the North Terminal. The event is free and so is parking in the North Terminal lot. If you're looking for a job with the airlines, concessions at the airport or a position in the tourism industry don't miss this opportunity to meet with businesses looking to hire. For more information call Linda at 266-2596.
- 2. Airport Recruitment:** The Airport is recruiting for equipment mechanics and operators, as well as facility maintenance positions and Police and Fire officers. Information on these opportunities can be found on Workplace Alaska or through Local 71 at the following web addresses: local71.com/jobs and governmentjobs.com/careers/Alaska.
- 3. LHD Seaplane Base Tiedown Regulations:**
 - a) The public comment period closed January 19, 2018 for the proposed regulation changes. Additional public notice will occur when the department makes a determination on the next phase of the project. Answers to questions that were posed during the comment period, to include the December 12, 2017 public meeting, have been posted on the LHD website at dot.alaska.gov/anc/business/generalAviation/.
- 4. Lake Hood Seaplane Base Frozen Lakes:** Winter operations are in effect. Please stay off the ice unless accessing or operating aircraft. The frozen lakes remain restricted active runway surfaces all winter long for ski operations.
- 5. Terminal Concessions:**
 - a) The Pork and Pickle restaurant will soon be available to serve the public pre-security in conjunction with the current post security offerings. Construction of the pre-security location will begin in the spring with estimated completion by late spring/early summer.
 - b) Construction of a new ice cream venue, Crème, located both pre and post security, will begin shortly with estimated completion by late spring/early summer.
- 6. ANC Runway 15/33 Rehabilitation Project:** The project will rehabilitate and widen RW 15/33 (the north/south runway) and update taxiway geometry to meet FAA standards through the summers of 2018 and 2019. The runway will be partially closed during the 2018 summer and fully closed during the 2019 summer. Both construction seasons will require heavier cargo aircraft to be shifted to the east-west runways. 2019 summer construction will require *all* aircraft to utilize the east-west runways.
- 7. Airport Summer Construction:** 2018 Construction Projects Map and associated descriptions are online at [2018 ANC Construction Projects.pdf](#).
- 8. Airport Communications Plan Update:** The Ted Stevens Anchorage International Airport is seeking public comments and modification recommendations for the Airport Communications Plan. The Communications Plan establishes guidelines for effective two-way communication between the Airport and the community. The Airport's draft edits can be found at [ANC Public Outreach Plan Update 2018 Draft Deliberative Document.pdf](#). Please submit comments to Teri Lindseth, ANC Planning Manager, at teri.lindseth@alaska.gov, or call at 266-2544. To ensure your comments are reviewed and considered prior to the Communication Plan's finalizing, please submit no later than April 15th.
- 9. Sign up for GovDelivery:** at service.govdelivery.com/accounts/AKDOT/subscriber/new to receive emails on all sorts of DOT-related things. Also visit us on Facebook, Twitter, and anchorageairport.com.
