

# SHHH, ITS A SOFT LAUNCH

## 2023 ALASKA CONSTRUCTION

We are proud to announce the soft launch of the Alaska Project Exchange (APEX), a suite of tools that will help you stay engaged with the projects you care about:

**Traffic Information:** All road traffic impacts from construction projects will now be listed in the Alaska 511 system, including [511.alaska.gov](http://511.alaska.gov), the 511 Alaska mobile app, and by calling 5-1-1. The Alaska Navigator program and website have been retired.

**Detailed Project Information:** Are you looking for more than traffic updates? You can view detailed project information at [dot.alaska.gov/construction](http://dot.alaska.gov/construction). There you will find project scopes, timelines, contact information, maps, and links to more information when available.
