## What is your vision for the Birchwood Airport?

# Birchwood Airport Master Plan (AMP) Update

### What is the purpose of the Airport Master Plan Update?

To determine how the airport can best serve the future interests and needs of the flying public, aviation community, Alaska Department of Transportation & Public Facilities (DOT&PF), and other stakeholders.

### Who is leading the process?

Alaska DOT&PF with assistance from a consulting team.

A **Stakeholder Advisory Group** will provide feedback on the planning process, help collect data, and gather input on plan findings and recommendations. Members include:

## How can I get involved?

### Tell us what you think

[Email](#) the project manager

Submit a comment on the [project webpage](#)

### Engage with the process

Participate in public meetings

Share your feedback on the draft plan

### Stay connected to project happenings

Sign up for updates on the [project webpage](#)

## What is the plan timeline?

**Community involvement** occurs throughout, including interviews, stakeholder working group meetings, and **three public meetings:**

winter 2021 | summer 2021 | fall 2021

## What We Hope to Learn from You

### Use of / Connection to Airport

How do you use the airport and/or the surrounding area?

### Strengths

What do you like most about the airport?

### Challenges

What do you dislike about the airport?

### Future

What do you see as potential change or needs for the airport and/or surrounding area?
