DEPARTMENT OF TRANSPORTATION AND PUBLIC FACILITIES  
**MSGP Quarterly Visual Assessment**

A separate form is required for each outfall. Need 1 sample event/year taken from snowmelt runoff and 3 from rainfall storm events. Collect sample using clean, clear container within 30 minutes of beginning of discharge event (if not possible, describe situation below). Examine sample in well-lit area and record results for each site below. If no discharge at a particular outfall site, then record 'no discharge' on the form.
