

# MEMORANDUM

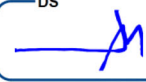

# State of Alaska

Department of Transportation & Public Facilities  
Program Development and Statewide Planning

TO: Ryan Anderson, P.E.  
Commissioner

DATE: September 30, 2022

THRU: James Marks, Director  
Program Development

<sup>DS</sup>  

TELEPHONE NO: (907) 465-2744

FROM: Maren Brantner  
STIP Manager

<sup>DS</sup>  

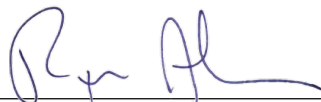

SUBJECT: Recommend Approval of FAST  
2019-2023 TIP Administrative  
Modification #7

The Fairbanks Area Surface Transportation Planning (FAST) Planning Policy Board approved Administrative Modification #7 to the FAST FFY 2019-2023 Transportation Improvement Program (TIP) on June 15, 2022.

We find that FAST FFY 2019-2023 TIP Administrative Modification #7 meets all the requirements of US Code Title 23, Section 134, meets conformity, and is fiscally constrained by the allocations made in the 2020-2023 Statewide Transportation Improvement Program (STIP).

Staff recommends approval. Your approval of the FAST FFY 2019-2023 TIP Administrative Modifications #7 is recommended and required as the statutory designee for all state transportation planning matters.

Approved: \_\_\_\_\_

Ryan Anderson  
Commissioner

Date: 10/16/2022

**From:** Bailey, Randi L (DOT)  
**Sent:** Monday, September 26, 2022 11:55 AM  
**To:** Brantner, Maren H (DOT)  
**Cc:** Jackson.fox@fastplanning.us; Chapman, Judy (DOT); Kemp, Joseph (DOT); Lucey, Sara A (DOT); Marks, James T (DOT); Kreis, Courtney E (DOT); Moser, Adam (DOT)  
**Subject:** FAST Planning FFY19-23 TIP Admin Mod #7  
**Attachments:** 09212022\_TIP\_Admin\_Mod\_7\_Final.pdf

Maren,

On behalf of the Fairbanks Area Surface Transportation (FAST) Planning Policy Board, through Joseph P. Kemp, P.E., Acting Northern Region Director, attached please find the FAST Planning FFY19-23 TIP Administrative Modification #7, Summary of Changes, Transmittal Letter and the Policy Board Action Items for incorporation into the Statewide Transportation Improvement Program (STIP). The FAST Planning TIP was developed in conformance with 23 USC 134 and all applicable federal requirements for Metropolitan Planning Organizations. The Fairbanks Field Office reviewed the TIP for fiscal constraint and found the TIP is fiscally constrained and determined that a new conformity analysis/determination would not be required for the proposed changes.

This Admin Mod was primarily developed for the following reasons:

- Correct over-programmed FFY22 STP funds utilizing FFY22 offset funds
- Program remaining FFY22 offset funds towards FFY23 AC payback
- Update future project phase funding amounts based on new estimates

Please let me know if you have any questions or concerns.

Thank you for your review.

Randi

September 22, 2022

Joe Kemp, P.E., Northern Region Director  
Alaska Department of Transportation & Public Facilities  
2301 Peger Road  
Fairbanks, Alaska 99709

**Subject: Transmittal of FAST Planning FFY2019-23 TIP Administrative Modification #7**

Dear Mr. Kemp,

Attached for approval and inclusion in the Statewide Transportation Improvement Program (STIP) is the Fairbanks Area Surface Transportation Planning (FAST Planning) FFY2019-23 Transportation Improvement Program (TIP) Administrative Modification #7. The FAST Planning Policy Board approved this document on September 21, 2022.

Once the Commissioner's approval is received, please incorporate TIP Administrative Modification #7 into the STIP as required under 23 U.S.C. 135. Your prompt attention to this task would be greatly appreciated by FAST Planning. If you have any questions or need additional information, please contact me at [jackson.fox@fastplanning.us](mailto:jackson.fox@fastplanning.us) or (907) 590-1618.

Sincerely,

---

**Jackson C. Fox**  
Executive Director

**FFY2019-23 TRANSPORTATION IMPROVEMENT PROGRAM**  
**ADMINISTRATIVE MODIFICATION #7**  
**Approved September 21, 2022**

**INTRODUCTION**

This is the Fairbanks Area Surface Transportation (FAST) Planning 2019 – 2023 Transportation Improvement Program (FFY19-23 TIP) Administrative Modification #7. In addition to capturing minor project changes that occurred between July and August 2022, the primary purpose of the Administrative Modification is to: (1) correct over-programmed FFY22 Surface Transportation Program funds utilizing FFY22 offset funds, (2) program remaining FFY22 offset funds towards FFY23 Advance Construction payback, and (3) update future (FFY23 and beyond) project phase funding amounts based on new estimates received from Alaska DOT&PF in August. This Administrative Modification was reviewed at the September 7, 2022 FAST Planning Technical Committee meeting and approved at the September, 2022 FAST Planning Policy Board meeting. This document was not released for a 30-day public comment period; however, both meetings were open to the public for the opportunity to provide testimony. The TIP continues to be fiscally constrained, and none of the changes trigger the need for a new air quality conformity determination.

The original FFY19-23 TIP was developed in direct coordination with projects and timelines listed in the 2045 Metropolitan Transportation Plan (MTP), the long-range transportation plan for the Fairbanks and North Pole areas adopted by the FAST Planning Policy Board in December 2018.

Development of the TIP was initiated in January 2019 following development of the 2045 MTP and adoption of revised project scoring criteria and a new project nomination form. A call for project nominations was issued, and 10 project nominations were received – including seven road projects and three non-motorized projects, as summarized below:

<b>Road Projects</b>		<b>Score</b>
1.	5 <sup>th</sup> Avenue Reconstruction	158
2.	Lacey Street Reconstruction	150
3.	Bradway Road Reconstruction	117
4.	Peridot Street Rehabilitation	107
5.	Woll Road Resurfacing & Widening	101
6.	Roland Road Improvements	100
7.	Nelson Road Widening	90

<b>Non-motorized Projects</b>		
1.	City Bike Lane Striping & Signing	123
2.	Airport West Bicycle & Pedestrian Facility	121
3.	Chena Lakes/Plack Road Bicycle & Pedestrian Facility	81

This report was funded in part through grant(s) from the Federal Highway Administration, U.S. Department of Transportation. The views and opinions of Fairbanks Area Surface Transportation Planning expressed herein do not necessarily state or reflect those of the U.S. Department of Transportation.

**FFY2019-23 TRANSPORTATION IMPROVEMENT PROGRAM**  
**ADMINISTRATIVE MODIFICATION #7**  
**Approved September 21, 2022**

Due to funding limitations with carrying forward projects from the FFY17-20 TIP and eligibility concerns with some of the projects nominated, only two road projects (5th Avenue and Woll Road) and one non-motorized project (Airport West Bicycle & Pedestrian Facility) were incorporated into the Draft TIP. The Draft TIP was reviewed on February 6, 2019 by the FAST Planning Technical Committee, and approved on February 27 by the FAST Planning Policy Board for release for public review and comment. The Draft TIP was subsequently issued for public comment March 3 to April 3, and a public open house event was held on March 12. The document also included a draft Air Quality Conformity Determination, which had the same public comment period, and an Interagency Consultation on the draft determination took place on March 27. In total, 44 comments were received on the Draft TIP during the public comment period. Revisions were then made to the TIP based on comments received, new information about project schedules, and estimates prepared by the Alaska Department of Transportation & Public Facilities (DOT&PF). The final draft of the TIP was then reviewed again by the Technical Committee on April 3 and adopted by the Policy Board on April 17 without amendment.

The original TIP and Administrative Modifications #1 and #2, Amendment #3, Administrative Modification #4, Amendment #5, and Administrative Modifications #6 and #7 are fiscally constrained and were developed in conformance with 23 USC 134, 49 USC 5303, 23 CFR Part 450, sections 174 and 176 (c) and (d) of the Clean Air Act as amended (42 USC 7504, 7506 (c) and (d)), 40 CFR Part 93, Title VI of the Civil Rights Act as amended (42 USC 2000d-1) and 49 CFR Part 21, 49 USC 5332, Section 1101(b) of the SAFETEA-LU (Pub. L 109-59 and 49 CFR part 26, 23 CFR part 230, provisions of the Americans with Disabilities Act of 1990 (42 USC 12101 *et seq.*), 49 CFR parts 27, 37, and 38, the Older Americans Act as amended (42 USC 6101), 23 USC 324, Section 504 of the Rehabilitation Act of 1973 (29 USC 794) and 49 CFR 27 and all other applicable federal requirements for Metropolitan Planning Organizations.

### ***Air Quality Conformity***

The FFY19-23 TIP was developed in direct coordination with projects and timelines listed in the 2045 MTP for which an Air Quality Conformity Analysis was completed that found the following key determinations:

- Total regional vehicle-related PM<sub>2.5</sub> and NO<sub>x</sub> precursor emissions associated with implementation of the 2045 MTP for the required analysis years of 2019, 2025, 2035, and

This report was funded in part through grant(s) from the Federal Highway Administration, U.S. Department of Transportation. The views and opinions of Fairbanks Area Surface Transportation Planning expressed herein do not necessarily state or reflect those of the U.S. Department of Transportation.

**FFY2019-23 TRANSPORTATION IMPROVEMENT PROGRAM**  
**ADMINISTRATIVE MODIFICATION #7**  
**Approved September 21, 2022**

2045 have been estimated and found to be below the applicable motor vehicle emission budgets established under the Moderate State Implementation Plan.

- All CO conformity requirements are met.
- Interagency consultation was conducted in accordance with federal requirements.

The FHWA and FTA reviewed the Air Quality Conformity Analysis and approved the conformity determination on January 30, 2019. Since the FFY19-23 TIP was based on the projects and timelines listed in the 2045 MTP, 40 CFR 93.122(g) permits reliance on the regional emissions analysis from the MTP. Every project in the FFY19-23 TIP was included in the 2045 MTP and associated Air Quality Conformity Analysis, with the exception of one project – Woll Road Resurfacing & Widening. This project proposes to resurface the existing roadway and widen shoulders to better accommodate bicyclists, pedestrians, and move mailboxes further away from the travel lanes, and is exempt from the requirement to determine conformity in accordance with 40 CFR 93.126 – Pavement Resurfacing and/or Rehabilitation; Widening Narrow Pavements; Shoulder Improvements; and Projects that Correct, Improve, or Eliminate a Hazardous Feature. Based on this analysis, FAST Planning finds the FFY19-23 TIP meets air quality conformity requirements.

This draft determination was issued for public comment March 3 to April 3, 2019, concurrent with the Draft FFY19-23 TIP. No public comments were received regarding air quality during the comment period. An Interagency Consultation on this analysis was also performed on March 27 with federal and the local air quality planning agencies, including the FTA, U.S. EPA, ADEC, and Fairbanks North Star Borough (FNSB) during the public comment period and no issues were raised with the determination. Following approval of the FFY19-23 TIP by Alaska DOT&PF, the document was transmitted to FHWA and FTA for their joint approval of the determination. The determination was approved by the FHWA and FTA on June 26, 2019.

### ***Performance Measures***

The table on the following page summarizes the anticipated benefit of each project in the FFY19-23 TIP making progress towards achieving the performance measures included in the 2045 MTP. FAST Planning has adopted the Alaska DOT&PF's targets for each the following measures:

- Safety (Fatalities & Serious Injuries; Motorized & Non-motorized)
- Pavement & Bridge Condition
- Travel Time Reliability

This report was funded in part through grant(s) from the Federal Highway Administration, U.S. Department of Transportation. The views and opinions of Fairbanks Area Surface Transportation Planning expressed herein do not necessarily state or reflect those of the U.S. Department of Transportation.

**FFY2019-23 TRANSPORTATION IMPROVEMENT PROGRAM**  
**ADMINISTRATIVE MODIFICATION #7**  
**Approved September 21, 2022**

- Congestion Mitigation & Air Quality (CMAQ)

For safety, FAST Planning has revised and adopted new project scoring criteria with safety considerations being the highest weighted category. This new criteria was used to score the new projects incorporated into the FFY19-23 TIP. For pavement and bridge condition, the TIP is funding many resurfacing and reconstruction projects where pavement is failing, including partnering with Alaska DOT&PF on resurfacing projects on the National Highway System through the FAST Improvement Program. For travel time reliability, the TIP includes many projects that improve connectivity to provide alternate routes, widened shoulders to accommodate space for vehicles should a traffic accident occur, and resurfacing projects that reduce the amount of maintenance activities on those roads. And for CMAQ, by policy FAST Planning invests 20-percent of our federal funds on non-motorized projects to provide transportation alternatives to vehicles.

This report was funded in part through grant(s) from the Federal Highway Administration, U.S. Department of Transportation. The views and opinions of Fairbanks Area Surface Transportation Planning expressed herein do not necessarily state or reflect those of the U.S. Department of Transportation.

**FFY2019-23 TRANSPORTATION IMPROVEMENT PROGRAM**  
**ADMINISTRATIVE MODIFICATION #7**  
**Approved September 21, 2022**

***Major Projects***

Major projects from the previous FFY17-20 TIP that were completed include Noble Street Upgrade and Birch Hill Bicycle & Pedestrian Facility. In this TIP, major projects anticipated to be completed include Cowles Street Reconstruction, Cushman Street Bridge Rehabilitation, Gillam Way Reconstruction, and Yankovich/Miller Hill Road Reconstruction projects. Two of these projects have recently experienced delays, as outlined below, and schedule adjustments were made between the FFY17-20 TIP and FFY19-23 TIP:

- Cushman Street Bridge Rehabilitation – this project was delayed two years to accommodate replacement of the Wendell Avenue bridge, which is scheduled for construction over two years starting in 2020. The Wendell Avenue bridge project is GO bond funded and was recently unpaused by former Governor Walker.
- Yankovich/Miller Hill Road Reconstruction – this project has been delayed two years due to ROW acquisition (numerous strip acquisitions on residential parcels) needed to widen Yankovich Road.

***Transportation Control Measures***

The EPA designated the Fairbanks and North Pole areas as nonattainment areas for carbon monoxide (CO) in 1991. In 1998, Fairbanks was reclassified as a “serious” nonattainment area for failing to attain the ambient eight-hour CO health standard by the December 1995 deadline. As a serious nonattainment area, Fairbanks was required to prepare a State Implementation Plan (SIP) that demonstrated attainment by December 2000. In July 2002, the EPA announced the Fairbanks serious CO nonattainment area attained air quality standards for CO by its attainment date. In July 2004, the EPA announced it approved a CO Maintenance Plan and re-designated the Fairbanks CO nonattainment area to attainment with an effective date of September 27, 2004.

A portion of the FNSB, including the entire Metropolitan Planning Area, was also designated as a nonattainment area for Particulate Matter (PM 2.5) in 2009. In November 2013, the EPA proposed a new rule, effective July 2014, that identified those states in nonattainment for PM2.5 as “moderate” areas and proposed a new due date for submittal of moderate nonattainment area SIPs to EPA. The ADEC along with the FNSB developed a SIP and associated PM2.5 emissions budgets and submitted to the EPA on December 31, 2014. The EPA later reclassified the nonattainment area

This report was funded in part through grant(s) from the Federal Highway Administration, U.S. Department of Transportation. The views and opinions of Fairbanks Area Surface Transportation Planning expressed herein do not necessarily state or reflect those of the U.S. Department of Transportation.

**FFY2019-23 TRANSPORTATION IMPROVEMENT PROGRAM**  
**ADMINISTRATIVE MODIFICATION #7**  
**Approved September 21, 2022**

from “moderate” to “serious” with an effective date of June 9, 2017. Reclassification requires an update to the SIP to meet additional requirements that were triggered upon the reclassification.

ADEC adopted a Serious SIP on November 19, 2019, and later adopted amendments to the SIP on November 18, 2020. No Transportation Control Measures (TCMs) were included in the Final SIP; however, FAST Planning is executing projects and programs supportive of the SIP including the following:

- Expanded Availability of Motor Vehicle Plug-ins
- Conversion of the Transit Fleet from Diesel to Compressed Natural Gas
- Adaptive Signal Control and Access Management to Reduce Idling Times
- Highway Message Board Signs to Notify Public of Air Quality Alerts
- Purchase of Equipment to Improve Efficiency of Snow Plow Operations on Non-motorized Facilities

This report was funded in part through grant(s) from the Federal Highway Administration, U.S. Department of Transportation. The views and opinions of Fairbanks Area Surface Transportation Planning expressed herein do not necessarily state or reflect those of the U.S. Department of Transportation.

**ACRONYMS AND DEFINITIONS**

***General Definitions***

*AC* – Advance Construction  
*ACC* – Advance Construction Conversion  
*BANK* - Banking  
*AMATS* – Anchorage Metropolitan Area Transportation Solutions  
*CMs* – Contingency Measures  
*EPA* – Environmental Protection Agency  
*FHWA* – Federal Highway Administration  
*FAST Act* – Fixing America’s Surface Transportation Act  
*FAST Planning* – Fairbanks Area Surface Transportation Planning  
*FTA* – Federal Transit Administration  
*MAP-21*- Moving Ahead for Progress in the 21<sup>st</sup> Century  
*MPO* – Metropolitan Planning Organization  
*M & O* - Maintenance and Operations  
*PPP* – Public Participation Plan  
*SAFETEA-LU* – Safe, Accountable, Flexible, Efficient Transportation Equity Act – Legacy for Users  
*SIP* – State Implementation Plan  
*TAP* – Transportation Alternative Program  
*TCMs* – Transportation Control Measures  
*TIP* –Transportation Improvement Program

***SURFACE TRANSPORTATION FUNDING SOURCES***

***3PF (Third Party Funds)*** – Funding contributed by parties other than the state usually to provide required matching funds.

***AC (Advance Construction)*** – An innovative financing tool permitted under FHWA rules that, with approval of the FHWA, allows the state to begin a project using state funds prior to the availability of federal funds. This tool allows the state flexibility to use its resources to more efficiently schedule project start-ups.

***ACC (Advance Construction Conversion)*** – Accounting tool to track the repayment of state funds used to begin a project prior to the availability of federal funds.

***AARC*** – Funds available through the Alaska Railroad Corporation.

***Bank*** – Funds that were banked from one year to the next under agreement with ADOT&PF.

This report was funded in part through grant(s) from the Federal Highway Administration, U.S. Department of Transportation. The views and opinions of Fairbanks Area Surface Transportation Planning expressed herein do not necessarily state or reflect those of the U.S. Department of Transportation.

**FFY2019-23 TRANSPORTATION IMPROVEMENT PROGRAM**  
**ADMINISTRATIVE MODIFICATION #7**  
**Approved September 21, 2022**

**CMAQ (Congestion Mitigation/Air Quality)** – These funds are for projects that can be proven to reduce traffic congestion and/or improve air quality in federally designated non-attainment areas. Projects such as park and ride lots, transit bus replacement, vehicle inspection and maintenance program improvements, signal coordination, ride sharing, and paving for dust control qualify for these funds. The federal funds ratio varies and is either 90.97% or 100% depending upon the specific category of work.

**FAF (FAST Planning Appropriation Funds) and FAM (FAST Planning Appropriation Match)** – These funds are other FAST Planning funds used to supplement projects. Examples of funding sources include:

- **381** – Funds made available in FY07 under SB381. CH82/06/120/18, AR60685.
- **DEOB/Offset** – Federal funding, including the non-federal share, that has been de-obligated from another federal project and is now available for use on another project. This funding is shown as informational only and only after it has been approved by the proper authority for changes and overruns during construction or to bring a project up to low bid, as requested, prior to the submittal of a PDA request.
- **GF** – General fund appropriation available for use on any project.
- **SB46** – A FY12 state fund appropriation of \$5 million available to any project in the FAST Planning TIP. CH5/11/100/8, AR65818.
- **SB160** – A FY13 state fund appropriation of \$7.5 million available to any project in the FAST Planning TIP. CH17/12/132/25, AR58609.
- **SB230** – A FY11 state fund appropriation of \$5 million available to any project in the FAST Planning TIP. CH43/10/36/24, AR65439.

**ILLU (Illustrative)** – Indicates projects that would be funded and advanced if funding becomes available either through receipt of additional funds or because another project cannot be advanced; the specific source or sources of funds will be determined when and if the project is selected to be funded.

**NHPP (National Highway Performance Program)** – In MAP-21 Section 1106, Congress designated the NHPP to provide support for the condition and performance of the National Highway System (NHS), for the construction of new facilities on the NHS, and to ensure that investments of Federal-aid funds in highway construction are directed to support progress toward the achievement of performance targets established in a state’s asset management plan for the NHS. This funding code incorporates previous NHS, IM and some BR fund codes. The federal funds ratio is 90.97%.

**CONP** – Funds made available to the FAST Planning Coordinator’s office from the City of North Pole.

This report was funded in part through grant(s) from the Federal Highway Administration, U.S. Department of Transportation. The views and opinions of Fairbanks Area Surface Transportation Planning expressed herein do not necessarily state or reflect those of the U.S. Department of Transportation.

**FFY2019-23 TRANSPORTATION IMPROVEMENT PROGRAM**  
**ADMINISTRATIVE MODIFICATION #7**  
**Approved September 21, 2022**

**PL** – These funds are designated for the mandatory planning tasks the department undertakes, including preparation of the Statewide Transportation Plan (SWTP) and State Transportation Improvement Program (STIP), statistical measurements of the transportation system (traffic volumes, pavement condition, accident locations, causes and severity, and physical characteristics of roads and highways), mapping, and management systems. In Alaska, these metropolitan planning funds can be used in any urban area within the state. Planning processes and special planning studies are eligible activities within this program. The federal funds ratio is 90.97%.

**SM (State Match)** – The state’s share of project costs required to match federal program funds. Depending on the particular federal program requirements, the state’s share of the costs, the state match required, will vary from as little as zero percent to as much as 50%. Most often the state’s share will range from 9.03% to 20%.

**STP (Surface Transportation Program)** – Flexible funding that may be used by the state and localities for projects on any Federal-aid highway, including the NHS, bridge projects on any public road, transit capital projects, bus terminals and facilities. Unlike other states, Alaska is allowed to use these funds on any public road in Alaska, regardless of classification. The federal funds ratio varies, typically 93.4% if spent on interstate routes or 90.97% otherwise.

**TAP (Transportation Alternatives Program)** – The Moving Ahead for Progress in the 21st Century Act (MAP-21) replaced the Transportation Enhancement (TE) activities with the Transportation Alternatives Program (TA), a new program, with funding derived from the NHPP, STP, HSIP, CMAQ and Metropolitan Planning programs, encompassing most activities funded under the Transportation Enhancements, Recreational Trails, and Safe Routes to School programs under SAFETEA-LU. The federal funds ratio can be 80% or 90.97%. This program of funds is found in the STIP under Need ID 30689.

**RPL (Metropolitan Planning)** – In Alaska, these funds can be used in any urban area within the state. Planning processes and special planning studies are eligible activities within this program. The federal funds ratio is 90.97%.

***Transit and Rail Fund Codes***

**5307 (Capital and Operating Funds for Urbanized Areas)** – These funds are distributed to eligible urban areas according to a federally mandated formula based on population, population density, and level of public transportation service. The eligible transit operations in Alaska for this program are in Anchorage and Fairbanks. Urban areas with populations over 200,000 (Anchorage) receive funds directly from FTA and may use their funds for capital investments. Urban areas with

This report was funded in part through grant(s) from the Federal Highway Administration, U.S. Department of Transportation. The views and opinions of Fairbanks Area Surface Transportation Planning expressed herein do not necessarily state or reflect those of the U.S. Department of Transportation.

**FFY2019-23 TRANSPORTATION IMPROVEMENT PROGRAM**  
**ADMINISTRATIVE MODIFICATION #7**  
**Approved September 21, 2022**

populations under 200,000 (Fairbanks) may use the funds for both operations and capital projects. In each case the project selections are made by the MPO and are listed in its TIP.

**5307RR - FTA (Alaska Railroad Passenger Operations)** – A portion of Section 5307 funds, Capital and Operating Funds for Urbanized Areas specifically set aside for the Alaska Railroad for costs related to passenger operations.

**5309 - FTA (Capital Program)** – This program provides capital assistance for three primary activities:

- **(5309BU)** New and replacement buses and facilities
- **(5309FG)** Modernization of existing rail and ferry systems
- **(5309NS)** (New Starts) New fixed-guideway systems (including ferry systems)

**5311 (Non-urbanized Area Formula Program)** – This program provides funding to enhance public transportation in rural and small urban areas. It also assists in the maintenance, development, improvement, and use of public transportation systems. A component of this program is the Rural Transit Assistance Program (RTAP), which provides training and technical assistance to transit operators. The federal funds ratio is 90.97% for capital projects and project administration, and up to 56.86% for operating assistance. RTAP projects are 100% federally funded.

**5337GR (Section 5337 State of Good Repair)** – A new formula-based State of Good Repair program is FTA's first stand-alone initiative written into law that is dedicated to repairing and upgrading the nation's rail transit systems along with high-intensity motor bus systems that use high-occupancy vehicle lanes, including bus rapid transit (BRT). These funds reflect a commitment to ensuring that public transit operates safely, efficiently, reliably, and sustainably so that communities can offer balanced transportation choices that help to improve mobility, reduce congestion, and encourage economic development.

**5339 – (Bus and Bus Facilities)** – Funding for capital expenses for eligible rural public transit systems.

**FAST Planning FFY19-23 Transportation Improvement Program (TIP) Administrative Modification #7 - Summary of Changes**  
**September 21, 2022**

<b>Project</b>	<b>Description</b>
<b>1</b> 5th Avenue Reconstruction	Added \$216.0k STP funding to FFY23 utilities phase placeholder based on latest estimate from DOT&PF; added \$216.0k STP funding and \$738.0k STP AC funding to FFY23 construction phase based on latest estimate from DOT&PF
<b>2</b> Bike Lane Signing & Striping	Updated all Beyond FFY23 illustrative phase amounts based on latest estimate from DOT&PF
<b>3</b> Coordinator's Office	Updated FFY23 funding amounts to match FFY23-24 UPWP (approved by Policy Board, DOT, FHWA, & FTA)
<b>4</b> Cowles Street Reconstruction	Revised project title and scope description to split project into two phases; updated Beyond FFY23 construction phase amount based on latest estimate from DOT&PF for Phase I
<b>5</b> Cushman Street Bridge Rehabilitation	Added \$119.3k offset funding towards FFY23 STP AC payback
<b>6</b> FAST Improvement Program	Added Beyond FFY23 illustrative construction phase amount for Aztec Subdivision and dog park based on latest estimate from DOT&PF
<b>7</b> FAST Sidewalk Improvement Program FFY20	Added \$78.0k offset funding to FFY22 construction phase for construction overruns, change orders, and CENG for contract time extension, final audits, and closeout (Executive Director approved 07.20.2022)
<b>8</b> Holmes Road Reconstruction	Updated all Beyond FFY23 illustrative phase amounts based on latest estimate from DOT&PF
<b>9</b> Minnie Street Upgrades	Converted Beyond FFY23 utilities phase to a placeholder per request from DOT&PF; updated Beyond FFY23 construction phase amount based on latest estimate from DOT&PF
<b>10</b> North Pole Streetlight Standardization	Added \$261.3k offset funding to FFY22 construction phase to award low bid (Technical Committee approved 08.03.2022); removed utilities phase placeholder; added \$145.1k offset funding to correct over-programmed FFY22 STP funds
<b>11</b> Woll Road Resurfacing	Moved \$181.9k STP funding from utilities phase to right-of-way phase placeholder based on latest estimate from DOT&PF; converted utilities phase funding from FFY23 STP to Beyond FF23 STP AC; updated Beyond FFY23 construction phase amount based on latest estimate from DOT
<b>12</b> Yankovich/Miller Hill Road Reconstruction	Removed Beyond FFY23 STP AC and updated Beyond FFY23 construction phase amount based on latest estimate from DOT&PF
<b>13</b> Funding Summary	Updated funding (revenue) summary to match FFY20-23 STIP Amendment #4, including new TAP and CR allocations
<b>14</b> Informational Tables	Updated information tables to match project details from FNSB Transit and FFY20-23 STIP Amendment #4
