November 15, 2011

The Alaska Community Transit office (ACT) would like to thank all of those that commented on the recommended breakdown of the State Match Funds.

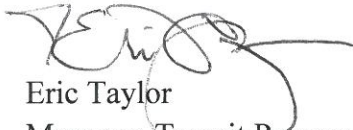

After careful review of the submitted comments, the ACT has decided to proceed with the recommended funding breakdown for FY2012. See the corresponding link.

With the quick turnaround needed on this funding, we feel that this is the most equitable and responsible way to get this match money into the hands of the agencies providing services. Provided this funding is available in future years, we will again go out for public comment in hopes of better addressing the needs of the communities and creating a formula that can be used in the future.

Each agency receiving this State Match Funding will be receiving an agreement from their respective ACT grant manager the week of November 14th, 2011.

Thank you for your continued support of public transportation in Alaska.

Sincerely,

Eric Taylor
Manager, Transit Programs
